

My name is David Delaney and I'm running for Region 5.

I've been with local 5850 for 11 years now. Since the start, I've been involved with the union. First as a Shop Steward, then as Vice President and now, as our Local President. I've been involved in a lot of situations concerning workers and helping workers and I would like to get deeper into the union process.

I must say I've learned a lot over these past years, under the guidance of former local presidents Gary Butt and Marie Sheppard and especially from our dear departed friend, Mr. Ed Hogan.

I'd like to get deeper into the union issues because I only want what is best for our workers and I know I would be good at doing that.

Thank you!

Dave Delaney
