

Hello! My name is Jessica Kean and I've worked at Blue Sky for almost ten years. I've been involved with my Local 6222 for most of the time I've worked at my company. I spent 5 years as Secretary of our Local and was most recently elected as Vice President.

I enjoy getting involved in NAPE anyway I can. I've attended several labour schools, women's conferences, local officers training and other events that I've been able to take part in.

I sit on the NAPE Charities Committee and the NAPE Young Workers Committee.

COVID has been rough to navigate for us all. I look forward to a time of being able to interact face to face again and see old and new faces.

I would like to ask for your support for Region 6 Board Member, so I can be more involved in our great union and help to support our members and get more people interested in becoming involved.

Thank you and stay safe. Solidarity!
